- One 2-1/2-inch three-ring binder (for writing portfolio)
- Packet of loose-leaf paper (college ruled)

Additional Course Readings: While the majority of texts for this class will be provided by the school, it is common for an Advanced Placement course that the students be required to purchase their own copies of the supplemental readings. This allows students to annotate the text liberally, which is the springboard for deeper interaction and analysis. I have tried to keep this list to a minimum. Most books are available at Borders, Barnes & Noble or Amazon for between \$5 & \$10. Although the reading of these texts will occur throughout the year, it is important that students have these texts in-hand at the beginning of the year.

1. *Spoon River Anthology* (\$5.99) by Edgar Lee Masters
2. *Hamlet* (The New Folger Edition -- \$5.99) by William Shakespeare
3. *King Lear* (The New Folger Edition -- \$5.99) by William Shakespeare
4. *Fences* (\$10) a play by August Wilson

Please see course website (<http://apliteraturekowal.wordpress.com>) for course syllabus and Summer Reading Assignment.
